FOR IMMEDIATE RELEASE

**PGCD Scholarship Opportunity**

For over 22 years, the Panhandle Groundwater Conservation District has been awarding scholarships to graduating seniors from across its District. Each year applicants are challenged and encouraged to think about water conservation on a greater level by writing an essay on a topic chosen by the District as a part of the application process.

**The 2024-2025 essay topic:**

*Water is an important part of our daily lives, and it is becoming a limited resource in many areas, including the Texas Panhandle. What conservation strategies should county governments, municipalities, and water districts implement to be the most effective in our area?*

The deadline to apply is **March 14, 2025**. Applicants must reside within the district and enroll in college for the fall 2025 semester to be eligible. Please help us spread the word about our scholarship opportunity. For more information and to apply, please visit [www.pgcd.us/pgcd-scholarship](http://www.pgcd.us/pgcd-scholarship).
